Dear supporters

Thank you so much to all those of you who have collected food for Chelmsford Foodbank this harvest time.

We rely completely on donations from the public to be able to provide emergency food for those in our local community who need it. Sadly, due to the increased cost of living, we have seen a 45% increase on the numbers of food parcels given out this April – September (2023) compared to the same period last year; and last year saw the largest number of people ever fed by Chelmsford Foodbank. This is not OK.

Our vision is to see an end to the need for Foodbanks and, together with the Trussell Trust, we are working hard to achieve this. We have developed 'hubs' over the past year so that when people come to us to collect their food they have the opportunity to engage in person with other helping agencies such as the Citizens Advice, Community Money Advice, Peabody and Essex Welfare Services, who can help them address underlying issues to improve their situation and reduce the need for Foodbank help. This is why we are so keen that people come to us to pick up their food; meeting with our volunteers as well as representatives from these services can bring real breakthrough and lasting change for people.

Despite the crisis we are living through, the public have been so generous and we have seen an incredible response to our harvest appeal. We are so grateful and appreciative of the kindness and compassion of the people of Chelmsford.

Many thanks again for your support and donations.
